AGCI is honored to announce our partnership with International Families Inc. (IFI) and thankful to share that the Lord has miraculously opened the door to India!

In a land where millions of orphans struggle to survive daily, it is amazing to realize that God knows each and every one by name. AGCI has felt a burden over the last years for India's orphaned children. Prayerfully, we have waited for God's perfect plan to unfold. Founded by Dr. and Mrs. Rao, IFI has dedicated their lives to the orphaned children of India.

Our open door might be your open door too,... it may be the one God has destined you to walk through... AGCI is praying for families to answer the call to welcome an orphaned little one from India.

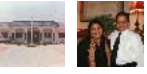

Children Available

Children from 8 months to 12 years of age are available for adoption. Children will be at least 18 months old when they come home with their adoptive parents. Many sibling groups, older, and special needs children are currently waiting for adoptive families. Please call our office at (800)214-6719 to inquire about our [waiting child program](#) or email waitingchildren@allgodschildren.org.

Care In-Country

Children in India are cared for by government accredited orphanages called "Recognized Indian Placement

Agencies" (RIPA). AGCI is blessed to work primarily with an accredited RIPA called the "Peace Society." The Peace Society was founded in 2003 and is located in the southern Indian town of Chennai. The Peace Society sits on two acres of land and cares for more than 75 orphans. The staff consists of 55 workers, two social workers, three nurses and a doctor. AGCI may also receive children for placement from other accredited RIPAs located throughout India.

Time Frame

The approximate time frame from application through guardianship of a child is 16 to 24 months. The approximate time frame from application through guardianship of a waiting child is nine to 12 months.
