Paperwork for Ukraine is relatively simple and parents can often travel in 4 to 8 months upon completion of their dossier. **Ukraine has many children 6 years and older waiting to be adopted. Sibling groups are also a possibility.**

**EuroAsian Adoption Consultants of Illinois** is fully staffed and licensed to handle your Kazakhstan adoption process in the state of Illinois. Our adoption services include adoption home study, parent

education, Illinois DCFS adoption requirements and US Immigration requirements for international adoption. EAAC has been licensed as an Illinois adoption agency since 1997.

Once the international adoption process is complete and your child has come home, EAAC remains a part of your family, helping you to complete the post adoption process and advising you of adoption resources available to you in Illinois.

European Adoption Consultants (EAC) is our partner agency in placing children from Ukraine in Illinois. [EAC/EAAC RESPONSIBILITIES](#)
