Hi,

this is Sadeem here, executive director of christian Orphanage based in Pakistan normally many people think that there is no christian children in Pakistan but there is huge christian community living in Pakistan and many homeless and orphan children who need our care and attention. we have this adoption program for those orphan children who deserve families. we recommend adoptive families to adopt privately which more quick and easy, normally if they apply through an agency it is much more expensive and they put you on a waiting list and a family have to wait for 3 to 4 years to go through that process.

to avoid that hassle this program is much more easy and quick also to complete your adoption process and bring you child home.

if you have any further question or details you can call or email us. we will be very glad to assist you in every way.

God Bless you
