Orphanage 'Cradle of Children's Hope'

This orphanage is located near Kiev - in the village Novoselki, Kiev-Svyatoshinskiy district, Kyiv region. It is completely contained by the charitable contributions of individuals and entities.

Orphanage 'Cradle of Children's Hope' is the educational institutions (license number 303252 AW series of 24.01.2008). It is designed for 35 children

. In the framework of the child at home made the understanding that such an institution should be used only for temporary detention of children from dysfunctional families. Normally, children come here from biological families, who for certain reasons, is unable to provide care and safety of children living at home, from hospitals and shelters for minors, as well as from the regional house of the child.

The efforts of 23 workers of the institution aimed primarily at overcoming the effects of educational neglect of children at home, justified previous experience of being in adverse conditions.

Another strategic objective of the child at home is to provide every child the opportunity to obtain the status of time put up for adoption. Typically, in the personal affairs of children entering the facility, lack of important documents, allowing for immediate setting them on account of the adoption.

The level of work shows statistics agency. Thus, in 2000-2008 87 children were in this child's home. 62 of them have gained a new family. 42 children were adopted, 16 of them - foreigners. Guardians have 9 children, returned to biological parents - 4, in foster care - 6.

Now there are 25 children in 'Cradles of Children's Hope', who hope to regain the family.

Orphanage 'Cradles of Children's Hope' location: Kiev, Kiev-Svyatoshinskiy area Novoselki, Sadovaya st., 12. Tel. 526-10-34.
